THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bristol in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Bristol on Tuesday, the Eleventh (11) day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what sum of money the Town will raise for the support of Highways and Bridges for the year ensuing and make appropriations of the same.
4. To see if the Town will ask for Town Road Aid, and if so, raise and appropriate the sum of Three Hundred Fifty One Dollars and six cents (\$351.06) (Provided this amount is raised by the Town, the State will contribute the sum of Two Thousand Three Hundred Forty Dollars and Thirty Eight Cents). (\$2,340.38).
5. To see if the Town will vote to raise and appropriate the sum of Five Hundred Thirty One Dollars and Thirty Four Cents. (\$531.34). To pay the State for overdraft on 1951 State Aid work.
6. To see if the Town will vote to raise and appropriate the sum of Thirty Two Hundred Dollars (\$3,200.00) to pay Snow Plowing Contract.

7. To see what sum of money the Town will vote to raise for the Construction and Maintenance of Sidewalks for the year ensuing and make appropriation of the same.

8. To see what sum of money the Town will vote to raise for the Construction and Maintenance of Sewers for the ensuing year and make appropriation of the same.

9. To see if the Town will vote to raise and appropriate Eight Hundred Fifty Dollars (\$850.00) to repair the Town Hall.

10. To see if the Town will vote to raise and appropriate Nine Hundred Seventy Five Dollars (\$975.00) to buy a Trailer Type Road Broom.

11. To see what sum of money the Town will vote to raise for the observance of Memorial Day, and make appropriation of the same.

12. To see if the Town will vote to raise and appropriate the sum of Two Hundred Fifty Dollars (\$250.00) to the Newfound Region Chamber of Commerce for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other Towns in the Newfound Region.

13. To see if the Town will vote to raise and appropriate the sum of Thirty Five Hundred Dollars (\$3,500.00) to establish, maintain and conduct a system of public recreation, and in connection therewith, to equip and operate the Community Center Building, and to prepare, equip and maintain our public playground; and to employ a play leader, playground instructor or supervisor in connection with such system of public recreation and to see if the Town will vote to authorize the Board of Selectmen to delegate to the existing Community Center Council the power to administer and supervise the expenditure of said sum appropriated for a public recreation system, and the power to employ and supervise a play leader, playground instructor or supervisor.

14. To see if the Town will vote to raise and appropriate the sum of Two Hundred Sixty Dollars (\$260.00) which is 1/100 of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other Towns in the Lakes Region.

15. To see if the Town will raise and appropriate a sum of money for Hospitals.

16. To see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) for the control of White Pine Blister Rust.

17. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of Taxes.

18. To transact any other business that may legally come before said meeting.

W. JOHN SCHOFIELD,
GAYLORD G. CUMMINGS,
DONALD C. LAMSON,

Selectmen of Bristol, N. H.

Drunkenness	1
Violation of state motor vehicle laws	15
JUVENILE CASES	0
SMALL CLAIMS	0
CIVIL CASES	0

REPORT OF THE WATER COMMISSIONERS

On March 14, 1951 a contract was signed with Roy C. Abbott of Lyme, N. H. for construction of new water mains to replace all remaining old pipe in the system.

This work was begun in April and the following streets were relaid: Lake, Chandler, Green, Spring, Merrimack, Union, Central, Cedar, School, Pleasant, Willow, Church, Walnut, and Beech.

Of the total bond issue of \$75,293.91, \$25,682.76 went to the contractor, \$2,634.27 was spent on the note and interest, and \$44,776.36 for materials and local labor, leaving a balance of \$2,200.52. For this amount the new water system has been completed from source to consumer and the lake has been abandoned.

Water consumption during summer and fall months averaged 120,000 gallons per day. With the coming of cold weather this consumption has jumped some four times to over 400,000 gallons per day.

Obviously this abnormal waste of water in winter is due to running faucets left open to prevent freezing, and just as obviously the Water Works cannot afford to pump water at an expense to have it wasted so freely.

Consequently it is inevitable that to protect the financial status of the water works as well as the pumping equipment and source of supply, meters must be installed.

At the present time it is contemplated that with the coming of warm weather those places where water is obviously being wasted will be metered and in this way those prudent in the use of water will not be penalized by the wasteful.

The Water Works is a \$200,000 investment with operating expenses of some \$18,000 per year. Since this burden is entirely carried by the water consumers and not by the tax payers as a whole, it is the duty of the Water Works to protect its consumers by preventing waste as much as possible.

The present rates were formulated on anticipated costs of operating the new system. These rates will be carefully revised when a year's operating experience will give evidence of actual costs. For example, estimated pumping costs of electricity of \$100.00 per month has developed into costs of over \$150.00 per month. This also is an example of how waste will necessarily increase costs beyond ordinary expenses.

J. ROBIE ELLIOTT,
HAROLD REED,
SAMUEL E. WORTHEN,
Water Commissioners

AUDITORS' REPORT

We have examined the books of the Selectmen, Clerk, Treasurer, Tax Collector, Trustees of Trust Funds, Road Agents, Kelley Park Commissioners, and the Water Works of the Town of Bristol and find them correct to the best of our knowledge and belief.

FREDERICK J. MORGAN,
CHARLES S. MOSES,

Auditors.

Bristol, N. H., Feb. 1, 1952

BRISTOL COMMUNITY CENTER AND SUMMER PLAYGROUND

As more and more cities and towns in New Hampshire follow the trend throughout the country and establish year round programs of community recreation, Bristol continues to be looked upon as a pioneer in this area of municipal responsibility. After five years' experience our program seems to have become one where a maximum number of people are receiving a maximum number of opportunities to learn, and participate in leisure time activities.

The program is divided into two parts: Summer playground on Kelley Park during July and August and activities within the Community Center during the ten remaining months.

Summer Playground

With emphasis placed on Recreation for All—attendance on the playground averaged 206 daily. Besides the tiny tot area, where even the youngest enjoyed the sandboxes, slides, swings and building blocks, activities included instruction and participation in softball, baseball, basketball, volleyball, badminton, horseshoes, croquet, archery, tennis and field events.

Combination cook-outs and nature hikes were run on Monday nights with about 15 hikers traveling to nature beauty spots in our area.

Regular trips to Wellington Beach where swimming lessons for all age groups were available once again proved a most popular feature.

Weekly lessons in dramatics, sewing and cooking taught 12 girls the fundamental skills in these three separate subjects.

For the first time this year a course in bicycle safety was offered. 29 boys and girls participated with 12 of them passing the 16 safety tests set up by the Bicycle Institute of America.

Through the cooperation of a local horse lover pony rides around the Kiddie Corral were given once each week.

Weekly camping lessons again proved popular with 36 boys and girls participating in the annual week-end camping trip to Newfound Lake.

Summer visitors and councillors from our youth camps on Newfound Lake cooperated to provide a surprise costumed story teller for the special story hour each Thursday.

Special events held on Fridays during the summer season were, Wild West Day, sports day, vehicle and costume parade, pet show, cracker box derby, Kiddie Carnival and Talent Show.

Fifteen volunteers helping a full time director and part time assistant made possible such an extensive program.

Community Center

The Community Center becomes a busier place each year with some activities directed toward all ages but emphasis placed on those for youngsters in the fifth grade up through high schoolers. 90% of this age group are regular visitors to the Center. Within the auditorium favorite sports of young people are pool, ping pong, shuffleboard, volleyball, basketball, rope skipping, checkers, table games, reading and singing.

On the rifle range nine members are going through the National Rifle Association School of instruction and 18 boy and girl members of the junior rifle club are firing the 22 rifle for N.R.A. qualifications. The junior club is sponsored by the senior club with 15 members.

The senior archery group shoots on a 50 foot range weekly as do two junior groups. A system of scoring has been set up whereby a bowman can advance to the senior grade of Robinhood.

A Rope Skipping troupe of 9 girls has given exhibitions throughout New Hampshire and at Woodstock, Vermont. Beginners classes are held weekly for a group of 9 teeny-agers.

The physical education program for the first six grades in school is conducted at the Center two afternoons a week.

Adult groups in weaving, stencilling and sewing are now meeting in the Center.

Improvements to the skating rink have made it a more popular spot than ever with good ice when weather is favorable.

Teen-age dances, skating parties, hay rides, boy and girl basketball leagues and square dancing round out a busy winter program.

Special events are Hallowe'en and Christmas parties, Winter Carnival and Spring Festival.

Respectfully submitted,

RICHARD A. TAPPLY,

Director.

MINOT-SLEEPER LIBRARY

Report of Trustees

The activities of the Minot-Sleeper Library have gone on much as usual for the past year. The report of the treasurer gives the financial status and that of the librarian states the circulation of books. The book committee endeavors to reach all types of readers, those who desire the best of the non-fiction and fiction, as well as the more modest reader of light fiction. Small children up to high school pupils are also given special consideration.

Attention is called to the Memorial Bookshelf. Here, anyone so wishing, may place a book or books to the memory of family, friend or public citizen; such books being designated by the Memorial Book Plate, featuring a sketch of the library by Mr. Frederick J. Robbins, bearing the appropriate data of names and dates.

A bequest of \$500 from the estate of Mrs. Isabel Proctor is very much appreciated. An interesting gift of two drums used during the Civil War by Mr. Charles M. Gale serving in Company F, 3rd Cavalry, Commonwealth of Massachusetts, was given by his son, Mr. Charles W. Gale of Bristol, N. H.

The library is especially fortunate in its excellent supply of magazines, made possible through the Minnie Maria Day-Jackman fund. The large patronage indicates clearly a wide appreciation of the privileges here. The list of magazines follows: Atlantic Monthly, American Magazine, Better Homes & Gardens, Coronet, Cosmopolitan, Field & Stream, Good Housekeeping, Harpers, Hobbies, Ladies' Home Journal, Life, National Geographic (2 copies), Nature, Popular Science, Readers Digest (2 copies), Saturday Evening Post, Time, Yankee, American Girl, Boys' Life, Jack & Jill, Holiday, Horticulture, Liberty, Junior Craft, True Stories, Collier's, Redbook, and New Hampshire Profiles. Except for the current issue, these are loaned the same as books.

Librarian's report:

Books circulated

SUPERINTENDENT'S REPORT

The past school year has been marked by the biggest material gains for a long time. Canaan has built and is now occupying a 10-room elementary school, Bristol's memorial school is now nearing completion and several other milestones have been passed. Hebron completely rebuilt its school adding a heating room and now has one of the best, if not the best, rural school in the state. Groton added automatic oil to its school, Bridgewater completed the furnace room, insulated, and painted and the other towns did significant amounts of maintenance. A great deal of repair and maintenance work has been done in the past five years and systematic programing of work should be continued. This may be done in some districts on a lower per year cost but it is questionable economy over a period of years to do nothing and then try to "catch up" for the years past. This may work well only in case such work is done on the down swing of an economic cycle but the chances seem just as good that they might have to be done on the reverse swing with inflated prices. A moderate amount of money on a yearly basis should now keep most of our buildings in good repair.

Our most successful workshop of the four was held this year on "Improving Reading". The teachers through their own members organized this, secured the speakers, and in general planned and executed the whole thing, a very fine achievement. After experimenting with various times of the year the Labor Day week was selected and proved a fine choice. Efforts will be made in the future to hold workshops during that week if possible. It is not a good week to obtain speakers but otherwise seems perfect. There will be no workshop next year since we all feel that we need a year to consolidate what gains we have made and to work continuously on reading and related problems. For once Union No. 4 seems to be in

front of a modern swing in educational circles back to more of the fundamentals. However, we should not feel too elated over this since we are in the fore only because we've never had the time or money to be greatly concerned with educational frills and it may be more truthful to say that the parade has made the cycle and finds us on its return trip! In spite of all modern theories and practises if we can keep classes small enough and staffed well enough so that we do not lose sight of the individual child and do the best we can for him in school and out we will not err too much and our pupils will have a solid basic education.

This "reporter" believes in trying to keep well informed and to keep others with whom he works well informed. To overlook the fact that we do not live by ourselves alone and that we are in a highly competitive society would be disastrous to our children. Potentially excellent teachers, and even some of fine experience, are being drawn away from teaching by better paying positions either in the semi-skilled or skilled trades. Just one instance will show this. During the past week a representative of the federal government was in a high school looking for typists to start at over \$2700.00. We have 19 teachers, most of several years experience, getting \$2300 or less! A small chart showing comparative salaries for the current year follows:

	Male Ele- mentary	Female Elementary	Male Sec- ondary	Female Secondary
State Ave.	\$ 2,807	2,737	3,391	3,092
Union No. 4	\$ 2,750	2,225	3,233	2,633

Beginning teachers with degrees are being placed at \$2,400 or more and it is rumored that the asking price this year will be \$2,500 or \$2,600.

The new State Aid distribution of funds made a good start towards reducing the spread in tax rates for education. It would have done more had the formula

been covered with the necessary funds. How much it did to improve education would be a highly debatable point since in this area the money was used to reduce the tax levy. As long as great uncertainty continues to exist on formulas, amounts etc. it will be used in this respect. It would be naive to urge a couple of school districts to expand either its program or its plant promising that "state aid" would help pay the bill. This is being pointed out here merely to forestall critics who may ask to see the "improvements" made by these funds; in this area they reduced the tax rate. The tax rates would have been reduced still more had the \$2,000,000 been voted. Expressing it another way would be to say that failure to vote \$2,000,000 increased the tax assessments and those who howl against sales or other new taxes are blind to the fact that the legislature did not save the tax payer money in refusing to vote the \$2,000,000; it merely passed the educational tax bill back to the local property owner who directly paid more than he otherwise would. The next table shows the nine towns in this area and how they compare with one another and with the state average.

District	1950 Valuatn	Adjusted pr Pupil 1950-51	Rsd't ppls 1950-51	Cost of Foundtn Prmrgm	17 Mill local proratd	Aid at 54%	1951-52 Sch Tax
	Valuation	1950-51	Elem Sec	Pr Share			Valuatn
Alexandria	785,385	11,124	54.1	16.5	13,180.00	13,351.55	18.26
Bridgewater	1,146,245	34,013	25.7	8.0	6,297.50	19,486.17	8.15
Bristol	3,835,379	14,803	186.7	72.4	48,962.50	65,201.44	22.05
Canaan	2,682,898	7,746	221.9	47.0	49,407.50	35,409.27	21.93
Danbury	676,141	6,421	78.0	27.3	19,792.50	11,494.40	21.62
Grafton	792,402	9,389	66.4	18.0	15,670.00	13,470.83	20.88
Groton	514,460	32,154	12.0	4.0	3,000.00	8,745.82	11.05
Hebron	795,752	55,261	10.4	4.0	2,720.00	13,527.78	7.18
Orange	202,853	10,906	15.7	2.9	3,400.00	3,448.50	20.86

Several things should be noted in the above chart:

- 1) Adjusted valuations vary from \$6,421 per pupil in Danbury to \$55,261 in Hebron.
- 2) Bristol has the highest school tax rate with \$22.05 and Hebron the lowest with \$7.18 with Bridgewater not far behind with \$8.15. The state median of \$19.99 should be noted here.
- 3) Alexandria and Orange just miss qualifying for aid; they would qualify with a few more pupils provided the percentage of increase were greater than the average for the state.
- 4) The spread between the **cost of the foundation program** and the **17 mill share** shows that Bristol would need many more resident pupils to qualify, that Groton, Hebron and Bridgewater will probably never qualify on this basis. These towns will receive aid from the state only when so-called general aid becomes available i.e. a blanket amount per pupil without using millage or anything else.

We had hoped that by the time this report had to be written that we could say how well we liked the new school and how much it added to the opportunities of the pupils but such is not the case. The construction has been slowed by a series of delays relatively minor in themselves but cumulative to a major time element. However, we have the feeling that the quality of work has been improved by this rather than made inferior and that the work will stand comparison with any. Certainly it is better than some I have seen lately in much more expensive buildings. Building costs today according to builders, are being bid at 15 to 20% higher than a year ago. Both the Canaan and Bristol buildings were bid at the low point of a year's period according to nationally published figures. Most of our equipment was purchased from 6 to 12 months ago when prices were more favorable than today. The same can not be said of the last bond issue. Due to the Federal Government's policy on its bonds interest rates rose .4 of a point from February to April and more than that from April to June. Hence our 2½% rate on the last bond issue was higher than the previous 2% but still lower than the national average which is a good rate considering other local bonds issued for both the school and water system. Hindsight is always better than foresight but it is not too much out of order to point out here that we would have saved money had we been able to issue the entire bond issue at the time we obtained the 2% rate.

We know no more about operating costs of the new building than we did a year ago and will merely repeat our "calculated guesses" of that time. We do know more about new teachers' salaries, and costs of operating the shop although not too much in view of the high initial costs of starting operations. Our shop has been going successfully in Legion Hall but it has cost us rent, fuel, janitor pay, and electricity. We feel that it has been a

good move and that the boys will be better able to help move into the new plant and do much valuable work there. Our homemaking has been confined to sewing. Part of the basement in the white building is being used. We have high expectations of this group when they get a chance to function under favorable conditions.

As of this moment there is approximately \$2,500.00 of the building fund not allocated. This is being held "in reserve" for unanticipated expenses, walks and grading, the costs of which are being estimated at this time. It is doubtful if this will do the job and we are asking the permission of the school district to spend, for necessary grading and desirable equipment which will be listed in due time, an expected balance of around \$3,500 derived from not operating the new school. In addition to this amount there will be a balance of \$4,000 shown to be deducted from the tax levy. This money comes from that amount put into the budget to start to pay off the new bond issue which we are not permitted to do by law since one full year must expire before a school district may begin to retire the issue. With this \$4,000 and increased tuition the tax assessment will be less by about \$3,000.

Elementary tuition rates have been increased from \$120 to \$150 and secondary from \$225 to \$250 giving an estimated revenue of \$4,200 and \$11,000 respectively making a total of \$15,300 against \$2,864 of ten years ago, and \$3,200 as recently as the school year of 1946-47. This increase is a significant amount. In view of other school tax rates on adjusted valuations published above there is no reason why other school districts should not continue to pay nearer to the full costs of educating their children. I believe they are willing to do this.

The past year has been one of much hard work but one of more satisfaction to me. It is a pleasure to work hard when the results are commensurable. It is easy to see a material building but even greater results can be

had by building young men and women. A building is one way of making better offerings but the end results depend on the pupils themselves. May we all continue to work towards better education and all it means, the hope that it can offer in a world needing the best we can give.

Respectfully submitted,

C. MAURICE GRAY,

Superintendent of Schools.
